Canvas		Canvas 1	Canvas 2	Canvas 1 - Gallery 1 1/2" Photo Wrap - a print with the "photo wrap" is printed on canvas and then stretched around a wooden frame. The photo actually wraps around the edges of the frame so it can be hung with no exterior frame. This is a really beautiful option and will make your photographs look like they belong in a museum. Canvas 2 - No Stretcher - if you love a true canvas and are looking for a more cost-friendly option, this may be for you. With this option, your print is on canvas and left up to you to frame or hang however your creative mind can comprehend. Have fun with it!
